

... VOLUNTEERING FAQ'S

Do I need specific skills or qualifications to volunteer with Active Schools?

No! All volunteers are fully supported no matter their skill level. Volunteers are subject to a PVG check and will receive a handbook after signing up.

How much time would I be expected to commit to volunteering?

As much as you would like! There is no specific amount of time we expect of you to dedicate to Active Schools. We work around your schedule, not vice versa.

Can I choose the specific sport or activity to deliver or support?

We love to create new opportunities for children and young people. If you would like to support an existing sport or are thinking about introducing something new, your local coordinator will aim to support you as best as they can.
